A friend of mine has a truck he's selling, a dark blue '00 GMC Sanoma 4 cyl. 2.2 L. regular cab with long bed with 125,910 Mileage. Runs good and body is in pretty good shape with very minimal rust, paint is faded in spots but no bare spots. has bed liner, interior is in really good shape! Stock Chevy mag-style Alloy rims, CD/tape deck combo, very good on gas millage, and regularly maintained. runs very well and has always been very reliable. winter is coming up and the heater is up for the harsh weather and will keep you nice and toasty. The tires are in pretty decent shape, and have all matching stock Chevy mag style Alloy rims, The stereo is a stock CD/cassette tape combo, and for a stock radio sounds pretty darn good! No issues with it since he bought it, but barely drives it since he has another vehicle. So if you need a vehicle that's affordable and dependable, this is the truck for you! it's not too big, and not too small, its a great choice for a long range of uses: work truck, collage student on a small budget- affordable and cheep for travel, hauling/moving, teens getting their license, and very affordable and cost effective for every day travel! for more information or a chance to take a look at it you Call or text (563) 880 2848 and ask for Dan. the Truck is in Elkader, IA and is for sale "As-Is", and must be picked up when purchased,
